

Program Coordinator Annual Report

Season: 2015-2016

Name: Barbara Vondra

Program Coordinator for: Fundraising/Probortunity

Did you Review this Program? Y N

Has a Marketing Plan been developed? Y N

If not, when do you expect to have one completed? By: I do not have a plan in progress

Please list any Modifications and/or Changes that have been made to the Program:
None

What are your Implementation Plans? I do not have a plan.

Please list all Activities and/or Events Held: No activities or events have been held.

Successful or not – Please list any Feedback that was received from these Activities/Events:

Units/districts barley have enough volunteers to help with their own needs let alone something for the National BOI so they are not real receptive to the concept of a national fundraiser

Any Recommendations for future for this Program? Try to put together some materials for units/districts to learn about fundraising opportunities but to try and put together something (an event; program; concept) currently to help at the National level is next to impossible.

Can this Program be a revenue generator for Units/Districts/National? Y N

Please explain: The challenge is finding something that the organization can do as whole with minimal effort and man power (and not take away from their unit efforts.) When that barrier can be broken, revenue can be made.

Would you be willing to continue as this Program's Coordinator for 2015-16? Y N

If No, please suggest a replacement we could contact

Please email your report juanita@american-sokol.org **No later than September 15, 2016 Thank you**
