We used pins from previous years for some of the younger children since we had more participants than we had pins.

Roughly 29% of the participants received Achievement Awards. The charts used were the ones that would be used for the Sokol USA Slet.

The 13 participating units are the same 13 that participated in the previous year.

We would like to see more participation by the Southern District next year.

This activity is perfect for Sokol Units with limited gymnastic equipment since there is none required to do these tests.
